TRANSLATION

(1) EU-Type Examination Certificate

according to Module B Paragraph 6.1 of PPE Regulation (EU) 2016/425

(2) Regulation of the European Parliament and of the Council of 9 March 2016 relating to personal protective equipment (PPE) - Regulation (EU) 2016/425

(3) No. of EU-Type Examination Certificate: **ZP/B060/25**

(4) Product: **Anchor device type B**
Type: ABS Anchor Loop

(5) Manufacturer: **ABS Safety GmbH**

(6) Address: **Gewerbering 3, 47623 Kevelaer, Germany**

(7) Risk category: **III**

(8) The design and construction of this personal protective equipment and any acceptable variation thereto are specified in the appendix to this EU type-examination certificate.

(9) The certification body of DEKRA Testing and Certification GmbH, Notified Body No. 0158 according to Chapter V of Regulation (EU) 2016/425 of 9 March 2016, certifies that this personal protective equipment has been found to comply with the essential Health and Safety Requirements given in Annex II to the Regulation. The evaluation results are recorded in report PB 25-071. Other possibly applicable Union legislations applicable to the specified personal protective equipment have not been taken into account in this EU-type examination certificate.

(10) The essential Health and Safety Requirements are assured in consideration of

DIN EN 795:2012 **DIN CEN/TS 16415:2017**

(11) This EU type-examination certificate relates only to the design, examination and tests of the specified personal protective equipment in accordance to Regulation (EU) 2016/425.
For category III personal protective equipment, this EU type-examination certificate may only be used in conjunction with one of the conformity assessment procedures referred to Article 19 (c).

(12) When applying the CE Marking according to Article 16 and 17 of Regulation (EU) 2016/425 to the products that conform to the types examined, the client is obliged to add, in accordance with the attached pattern, the identification number of the Notified Body engaged in the conformity assessment according to Module C2 or D.
Furthermore, the manufacturer is obliged to issue an EU declaration of conformity in accordance with Article 15 of Regulation (EU) 2016/425 and to enclose it with the personal protective equipment, or to indicate the Internet address in the manual and in the instructions in Annex II, point 1.4., at which the EU declaration of conformity can be accessed.

(13) This EU-Type Examination Certificate is valid until 2030-06-29

(14) Appendix to

(15) **EU-Type Examination Certificate**
ZP/B060/25

(16) 16.1 Subject and type
Anchor device type B
Type: ABS Anchor Loop

16.2 Description
The anchor device type: ABS Anchor Loop (Fig. 1-2) is used to protect up to 3 people against falls from a height. The product consists of a 44 mm wide double laid webbing that is sewn at one end. An additional protective hose is placed around the belt and sewn firmly to the belt. A D-ring is sewn into the end.
The installation can be carried out on an appropriate structural anchor with sufficient strength. Here, the fabric tape can be connected directly to the structural anchorage using a suitable connecting element. Alternatively, the loop can simply be looped around the structural anchorage or the free end can be looped through the D-ring around the structural anchorage (anchor stitch). At the free end or on both loops, the user can secure himself against falls from a height with his personal protective equipment.
