

ABS Care

Metal locker for storing personal protection equipment (PPE)

Direct sunlight, damp or twisted straps can damage your personal fall protection equipment (PPE) and cause your safety harness & Co. to age rapidly.

Our ABS Care metal storage locker ensures that your equipment is stored under optimal conditions. This locker offers you plenty of room (650 x 400 x 350 mm) for carefully storing your PPE set and all your accessories, such as your helmet, temporary lifelines etc.

The locker is designed to be hung on a wall and is coated in bright red paint. On the front, there is a large pictogram symbolising "Use PPE equipment". The locker door is fitted with a cylindrical lock, 2 keys are supplied.

- For PPE storage
- 650 x 400 x 350 mm
- Incl. 2 keys
