

## ABS Guard Toeboard

Toeboard for ABS Guard OnTop guard rail systems

Our ABS Guard Toeboard is a 150 mm skirting board which was specially designed for our guard rail systems. You will need one of these skirting boards, if your edge is not protected, e.g. by a parapet. This toeboard is made of high-quality aluminium material and is simply attached to the posts of your guard rail system.

- 150 mm high
- 2500 mm long
- This toeboard is used, if there is no parapet or skirting around the edge (< 150 mm)
- Optionally available: Toe Board Connector Pro
